

## Criteria Scoring Tdap

RED = RM (public health - nursing)

BLUE = KW (pediatric nursing)

General Question: How should we rate the nine criteria (listed below) against the antigen?  
Please check one.

☒ **RED** ☒ **BLUE** Use a scale

☐ Use pass/fail

☐ Cannot Evaluate

### **I. Criteria on the effectiveness of the vaccine**

Importance of this section (*Criteria on the effectiveness of the vaccine* which includes questions 1-4). Please check one – there are three sections:

☒ Rank 1 = most important

☐ Rank 2 = second most important

☐ Rank 3 = third most important

☐ Cannot Evaluate

#### ***1. The vaccine must be recommended by the Advisory Committee on Immunization Practices and included on their recommended childhood immunization schedule.***

Importance of this criteria (circle one):

0	<b>XX</b>	2	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:

#### ***2. The vaccine must be effective.***

Importance of this criteria (circle one):

0	<b>XX</b>	2	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:

#### ***3. The vaccine must be cost effective.***

Importance of this criteria (circle one):

0	1	<b>XX</b>	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:

### **4. Experience to date with the vaccine must indicate that it is safe and has acceptable levels of side effects.**

Importance of this criteria (circle one):

0	<b>XX</b>	2	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:

### **II. Disease Burden Criteria**

Importance of this section (*Disease Burden Criteria* which includes questions 5-6). Please check one – there are 3 sections:

☐ Rank 1 = most important  
☒ Rank 2 = second most important  
☐ Rank 3 = third most important  
☐ Cannot Evaluate

### **5. The vaccine prevents diseases with significant morbidity and/or mortality implications.**

Importance of this criteria (circle one):

0	<b>X</b>	<b>X</b>	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:

### **6. Vaccinating the child must reduce the risk of spreading the disease to the community.**

Importance of this criteria (circle one):

0	<b>XX</b>	2	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:

## Criteria Scoring Tdap

### **III. Implementation Criteria**

Importance of this section (*Implementation Criteria* which includes questions 7-9). Please check one – there are three sections:

- ☐ Rank 1 = most important  
☐ Rank 2 = second most important  
☒ Rank 3 = third most important  
☐ Cannot Evaluate

#### **7. The vaccine must be acceptable to both the medical community and the public.**

Importance of this criteria (circle one):

0	<b>X</b>	<b>X</b>	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:

#### **8. The administration of the vaccine must be manageable.**

Importance of this criteria (circle one):

0	<b>X</b>	<b>X</b>	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:

#### **9. The cost to the parent/care giver must be within reasonable bounds.**

Importance of this criteria (circle one):

0	<b>X</b>	<b>X</b>	3	4	5
Cannot	Very	Somewhat	Neutral	Somewhat	Very
Evaluate	Important	Important		Unimportant	Unimportant

Comments:
